PHASE 2

INTERVIEW AND ASSESSMENT

Interview

The applicant must present themselves to the CAA-B for an in-person interview.

PHASE 3

CAA-B AIR LAW EXAMINATION

The applicant for validation will be required to demonstrate knowledge of the Bahamas Civil Aviation Act 2021 and the Civil Aviation Regulations (CARs) by submitting to a Regulations Test, administered by the CAA-B. You are required to register for the test by visiting the CAA-B website's at caabahamas.com. Select the "Air Law Examination Learn More" tab at the top of the home page which will direct you to the Examination page and select the Candidate portal link under the Booking and Scheduling Exams heading to register. For any further information or any clarification on testing, please contact testing@caabahamas.com.

The applicant for validation will be required to demonstrate their proficiency by submitting to a skill test administered by a CAA-B Inspector or a CAA-B Designated Examiner.

PHASE 4

EVALUATION AND APPROVAL PROCESS

All applications are evaluated by CAA-B technical personnel to ensure that all applicants meet the international standards and regulatory requirements for the issuance of a CAA-B document, and upon satisfactory completion of the evaluation, applications are approved. The evaluation and approval process can take an average of twenty (20) business days; however, this is an estimated time and processing can go beyond this time frame due to extenuating circumstances such as verification of documents by a foreign CAA.
